**Congratulations on your purchase of the madebyzen™ Pebble Aroma Diffuser. Please keep this manual for further reference and maintenance.**

**D MAINTENANCE**

1. Press the..... of the Pebble to turn off the unit and unplug the adaptor.

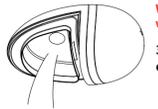

2. Remove the cover

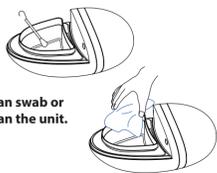

**WARNING: Do not empty water from the vent hole.**

3. Empty the water via the discharge groove.

4. Use a clean swab or cloth to clean the unit.

**E TROUBLESHOOTING**

Symptom	Possible Cause	Solution
Power supply is not connected		Plug in the adaptor and press the.....
No Mist	Insufficient water (water is lower than the water level sensor)	Refill the water tank with tap water. Take care not to fill past the maximum water level line
	Water is exceeding the maximum water level line	Carefully pour out the excess water
	The mist outlet is blocked	Clean the mist outlet by thoroughly cleaning the inside of the cover with clean water
	The ceramic disc is ageing after running for approx. 3000 hours	Please contact your local dealer for a replacement disc

**WARNING**

In case of any abnormal observations such as smoke, peculiar smells or noise, stop using the unit immediately to avoid the risk of an accident such as a fire or electric shock. You should unplug the adaptor immediately and contact your local dealer. Never wrap the adaptor with cloth or paper, as blocking the ventilation could increase the risk of fire.

Never attempt to disassemble or repair the product. In case of internal inspection or repair becoming necessary, please contact your local dealer.

Please keep the product out of reach of children to avoid any risk of injury.

Your aroma diffuser should be cleaned regularly and kept clean and dry when not in use.

**IMPORTANT:**  
In accordance to WEEE Directive (Waste from Electrical and Electronic Equipment Directive) 2002/96/EC this equipment should not be disposed of in the normal waste stream. Corrosive oils such as Citronella may cause damage to the unit if left in the reservoir. This type of damage is not covered under the warranty.

**A ABOUT THE PEBBLE**

A warm secluded beach and clear waves lapping onto the shore. A cool, lightly scented breeze drifts through the air, whilst the sun creates an explosion of colour on the water's surface. Ultimate relaxation.

Including zen elements, such as the Pebble, in your living space can help to achieve a tranquil and calming environment.

The Pebble is the perfect way to enrich your surroundings with a cool, beautifully scented and relaxing mist, which will awaken the senses and calm the mind, body and soul.

The Pebble utilises modern ultrasonic technology to break up tap water and fragrance or essential oil into micro particles. These are diffused into the air in the form of a fine fountain of mist and fragrance.

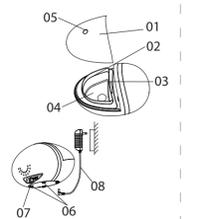

The Pebble is visually stunning and emits a striking band of colour changing mood lighting, making it a stylish and eye catching addition to any room.

Alternatively, the Pebble also includes a 'favourite colour selection' and 'no light' mode, making it ideal for night time use.

Thank you for purchasing the madebyzen™ Pebble Aroma Diffuser.

**B SPECIFICATION**

Product Size: φ 75x117x80mm  
Voltage: DC 24V  
Power: 12W  
Water Capacity: 100ml

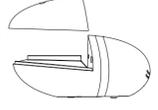

**C OPERATING PROCEDURE**

**IMPORTANT NOTES BEFORE USE:**

- Always place the Pebble on an even surface.
- Always fill with room temperature tap water.
- If the unit is knocked over during operation, the liquid may spill out and enter the mechanism. In the event of this happening, unplug the power and empty the water. Let the unit stand for at least 3 days to dry.
- If you have any further problems, please contact your local distributor.

1. Remove the cover

2. Fill the water tank with water up to the indicated fill line.

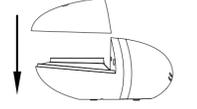

**DO NOT EXCEED THE MAX. WATER LEVEL LINE.**

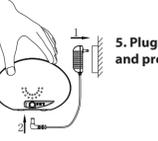

3. Add 3-5 drops of your favourite fragrance or essential oil into the water.

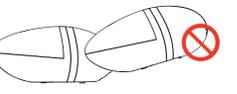

4. Replace the cover

5. Plug in the adaptor and press the.....

**NOTE: Take care not to tilt the Pebble once you have filled it with water. It must be kept level to avoid spillage of water, which could damage the unit.**

**Do not attempt to refill the Pebble with water while it is switched on or plugged in.**
